Auburn University Transport Service

Auburn University provides an on-campus free shuttle service for students. Under this facility, AU provides the following services:

Tiger Transit

The Tiger Transit bus service runs from Monday to Friday from 7:00 AM to 6:00 PM when classes are in session. There are multiple routes covering many on-campus and off-campus locations (example: Village Mall, Wal-Mart, Connection, Reserve and few more). This Tiger Transit bus service covers almost all the destinations on campus. If you miss a Transit the next one would be expected in not more than 10 minutes. An important thing to note is that this Tiger Transit bus service will be unavailable when classes are not in session i.e. between two semesters You can download an application named TransLoc Rider on your smart phone to give you the exact real time location of the all the Transits. For more information, please visit the Tiger Transit Website.

Shopping Shuttle

The most common places for grocery shopping are Walmart, Kroger and Asian Supermarket. To help international students with their weekly grocery shopping, Auburn University provides shuttle service to all of these places. These shuttles run on each Friday from 5:30 PM to 9:30 PM with a stop in Tiger Town which has a variety of restaurants, utility shops, salons and stores. The Shopping Shuttle also travels to Auburn Mall which has a good deal of shopping options ranging from mobile SIM cards to food and fashion accessories. We would like you to note that there is no shuttle to any of the aforementioned locations during any other day of the week. Even when the classes are not in session and when there are public holidays (except on 25th December), this service is in operation. The pick-up location for the Shopping Shuttle is opposite Jordan-Hare Stadium near the parking deck. Subsequently, the drop-off locations for these routes are the parking lots of Walmart, Kroger, Asian Supermarket and Auburn Mall respectively. While returning home, there are multiple drop-off locations near campus to make sure that students do not have to walk far with groceries.
