The Auburn Memorial is a proposed on-campus memorial that will honor Auburn University students, faculty, staff, and alumni who have passed away. The creation of a memorial space has been an initiative of the Student Government Association throughout several years of leadership groups. The memorial will serve as a visible and permanent destination for the Auburn Family to posthumously memorialize those with a connection to the university.

"The Auburn community truly needs the Auburn Memorial as a place for peaceful remembrance and reflection on the lives of fellow members of the Auburn family. Students have shown their support for this project in two specific ways: through the active commitment to its development as well as the pledging of monetary support. The Student Government Association has put in years of work on this project and it is clear from their past and current dedication that this is something that students want for the Auburn family. The student Senate has unanimously passed a resolution in support of the project in addition to the passage of a bill for the financial support of $300,000."

WALKER BYRD
2015-16 SGA President
The Auburn Memorial is a proposed space for tranquil reflection and reverence on Auburn University's campus. The 4.25 acre space will provide a gathering place for large and small groups on campus. The Auburn Memorial will be located away from campus foot traffic, creating a quiet and undisturbed environment for reflection.

The memorial will have placeholders that embody 7 traits from the Auburn Creed: hard work, education, honesty, mind, body & spirit, obedience to law, human touch, and a land of freedom. This will allow people to be remembered equally by traits that best represent their lives.

**Objectives**
1. Create an accessible and prominent landmark on campus
2. Affirm honorees’ connection to the university
3. Present names with equality (one life is no more prominent than another)
4. Create a flexible response process to accommodate a wide range of honorees, circumstances and time frames

**Placeholders**
The memorial will have placeholders that embody 7 traits from the Auburn Creed: hard work, education, honesty, mind, body & spirit, obedience to law, human touch, and a land of freedom. This will allow people to be remembered equally by traits that best represent their lives.
