

Reporting Schedule

Though all programs assess their writing plans each year and make adjustments as indicated by the data, review by the University Writing Committee is on a three-year rotation. Generally, reviews happen in the year preceding programmatic review with the expectation that attending closely to writing plans will be helpful as departments prepare for the program review.

Scheduled for 2012-13: (15-16)

Architecture	Architecture	1. Architecture and Interior Architecture
	Building Science	2. Building Science
